THANK YOU FOR JOINING EXPORT WEEK 2017!

TIKZN Creating a successful export platform through KZN Export Week

A strong international trade sector is critical to jobs growth and competitive KwaZulu-Natal economy. It is more essential during the prevailing difficult economic conditions, to encourage new entrants and help existing exporters to grow their businesses and develop new markets.

It is my pleasure to welcome you to the KwaZulu-Natal Export Week 2017 – an annual event that highlights the significance of exporting to the KwaZulu-Natal economy and aims to celebrate the success of KwaZulu-Natal exporters.

Through a comprehensive programme of activities, it will provide professional development and information on growth sectors and market opportunities to KwaZulu-Natal's new and existing exporters and internationally focused businesses.

Exporting creates many opportunities for the companies and the economy, it offers the advantages of a larger market with greater economies of scale, it provides an opportunity to grow and sustain business operations and it enables the province to attract investments and new business, thereby creating employment opportunities

We would like to wish all participants every success during the week of deliberations.
