

SOVEREIGN SANDS HOTEL

Project Concept

The Sovereign Sands Hotel development is planned for 220 rooms. The total floor area of the proposed hotel (rooms and common areas) is currently estimated at 12 800m² plus a basement parking lot of 2 000m².

Within the development site there are fully developed villas. Some of them are occupied as residential units. It is set on four hectares of prime beachfront real estate stretching for half a kilometre along golden beaches. Much of the property has existing dune and coastal vegetation with boardwalk access directly to the beach. Sovereign Sands is architecturally designed along a coastal and nautical theme and compares to a 4 to 5 star tourism rating.

The villas are situated within the 24-hour monitored security of the estates' boundaries ensuring absolute peace of mind and the perfect lock-up-and-go vacation.
